

SHAPE THE FUTURE

OF PARK ROYAL

Barratt and ASDA are developing plans for a new, mixed-use development on the 4-hectre Park Royal site, along Park Royal Road and Coronation Road. The project is at a very early stage, and we are looking forward to working with the community to help shape the emerging vision for the site.

We invite you to collaborate on this exciting initiative and contribute your view on how we can transform the site into a sustainable and thriving town centre.
